

BioClean 100™

NON-STERILE AMBIDEXTROUS NITRILE CLEANROOM GLOVES

BIOTAC

BioClean 100™ non-sterile powderfree ambidextrous nitrile cleanroom gloves set new standards of excellence in cleanroom gloves, giving a superior standard of chemical protection and comfort. Double bagged for critical environment use, they are thoroughly washed in pure de-ionised water for ISO Class 5 compatibility.

These ambidextrous nitrile cleanroom gloves are 100% latex free, eliminating latex allergy problems. They are textured for improved grip and have an excellent tack for the safe handling of products, even when wet. They are resistant to a wide range of chemicals, stronger than natural latex gloves and have excellent ESD properties.

The 300mm (12") length provides added user protection in the cuff area. This product is also available in a wide range of sizes to suit all users.
