LYNX Universal Wash Racks

APPLICATION:

LYNX Universal Wash Racks are versatile, heavy duty, stainless steel racks designed to securely hold rodent cages, debris pans and/or cage floors for thorough, efficient cleaning in a walk-in type Cage and Rack Washer.

STANDARD FEATURES:

Adjustable retainers secure various size cages rigidly in place during the cleaning cycle. Rows can be adjusted to accommodate different accessory sizes.

CONSTRUCTION:

Wash Racks are constructed entirely of 304 stainless steel, including retainers, support frame, cage guides, and all other miscellaneous components.

Racks are equipped with four (4) stainless steel swivel casters, including grease fittings and housing. Wheels are Polyolefin with stainless steel axles and Delrin bushings.

MODELS:

Model UWR-1000 (Universal Wash Rack)

Designed to hold rodent cages from 5" to 8" in height, with Four (4) rows on each side of the rack. Length and width of rodent cages can vary. Rack can accommodate 72-96 standard mouse boxes or 48 standard rat boxes. Shelves are adjustable.

Rack will accommodate cage debris pans or cage floors up to 2" in height, with two (2) rows on each side of the rack. Length and width of pans can vary.

SIZE:

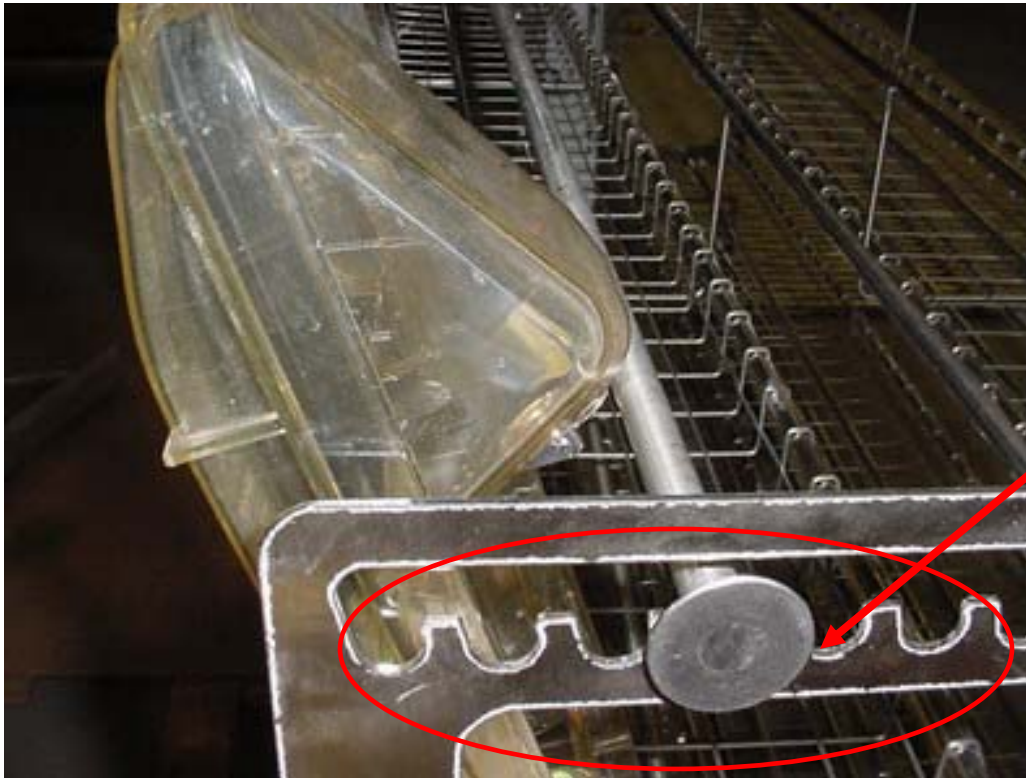

Model UWR: 32" wide x 82.5" high x 84" long

Note: Wash racks can be designed in any size to meet new or existing applications.
