Bound and sewn-in seams and closures have less barrier than fabric.

For the Tyvek line of garments, sizes medium to 4X are identified as stock items. Sizes small and 5X and above are identified as Make to Order. Certain accessory items are also identified as Make to Order. Stock/Make to Order designations are based on sales volume and production efficiencies. Therefore, designations are subject to change without notice. Designations are provided in the reference guide "DuPont Personal Protection Stocking Program", K-10814, which is available through Customer Service.

GRIPPER

- A durable, slip-resistant solution for your cleanroom
- An embossed polysole—highly-engineered PVC material
- Reinforced with a coarsely textured interior—so your feet stay put on the inside as well as on the outside
- Openings are extra wide for easy application
- Abrasion resistant
- Choose from:

74 = Individually packaged in cleanroom bags

OO or OB = Bulk packaged

OC = Clean: individually packaged in an ISO Class 5 (Class 100) cleanroom environment

CS = Clean and Sterile: individually packaged and sterilized by gamma irradiation

For the DuPont Contamination Control line of garments, medium to 4X are identified as stock items. Sizes small and 5X and above are identified as Make to Order. Certain accessory items are also identified as Make to Order. Stock/Make to Order designations are based on sales volume and production efficiencies. Therefore, designations are subject to change without notice. Designations are provided in the reference guide "DuPont Personal Protection Stocking Program", K-10814, which is available through Customer Service.
