

ΩMEGA Techno™

NON-LATEX AMBIDEXTROUS MEDICAL GLOVES

OTE

Omega Techno™ non-sterile powderfree ambidextrous non-latex medical gloves mark the most important advance in non-latex thin glove technology.

Our non-sterile powderfree ambidextrous non-latex medical gloves are 100% latex-free, eliminating allergy problems normally associated with natural latex proteins.

These non-latex medical gloves are textured and have the fit and feel of natural latex gloves, with the added advantage of superior puncture resistance and excellent chemical resistance.

They are available in a wide range of sizes to suit all users.
